Team,

As you know, I activated the REOC this morning to centralize coordination for the Region on the support we are providing to the Gold King Release and typhoon related responses on the Northern Mariana Islands for the R9. In order to have the best picture for EMP staffing, this is a request to have everyone update the WatchDesk calendar ASAP so that our Resources Support Unit Leader can look at possible deployment opportunities, when they are identified. We have requests for OSC/OPS, but also other IMT key leadership positions and so many in the ER Program may have a chance to gain some valuable experience in the field.

Please update the WatchDesk calendar through the month of August 2015 (Weeks of 17, 24, and 31) so that we can put together an accurate staffing plan.

Thank you very much,

Calvin
